

ASTRAL BUY

Terms, Acceptable Use & Privacy Notice

Educational-only policy, legal boundaries, account enforcement and data transparency

1) Purpose & Scope

Astral RAT and related services are provided strictly for cybersecurity education, authorized testing, and defensive research environments.

The project does not encourage, support, or permit unauthorized access, intrusion, surveillance, malware delivery, credential theft, or any illegal operation.

2) Legal Position

- ? Any use outside lawful, authorized, and ethical contexts is forbidden.
- ? Users are solely responsible for compliance with local and international laws.
- ? We explicitly condemn unlawful conduct, and such conduct may be reported and prosecuted under applicable law.

3) User Eligibility & Consent

By creating an account or using any feature, you confirm that you have legal authority to test systems you own or are explicitly authorized to audit.

You accept these terms, privacy disclosures, and enforcement procedures, including account actions for abuse or policy violations.

ASTRAL BUY

Acceptable Use Rules

Clear boundaries for platform access, tool usage, and account conduct

4) Prohibited Activities

- ? Unauthorized access to devices, servers, websites, applications, or accounts
- ? Phishing, credential harvesting, distribution of payloads for non-consensual control
- ? Any attempt to bypass security checks, licensing controls, or server-side restrictions
- ? Reverse engineering, cracking, resale, account sharing, token leakage, or automation abuse
- ? Abuse of support, admin functions, API endpoints, or data extraction mechanisms

5) Anti-Crack & Anti-Abuse Enforcement

Any evidence of cracking, tampering, bypassing protection, forged API usage, or suspicious automation may trigger immediate enforcement.

Possible actions include account suspension, permanent ban, token revocation, access restrictions, and additional administrative/legal responses.

6) Account Security Obligations

Keep credentials private, enable 2FA when available, do not share API tokens, and report compromise immediately.

You are responsible for all actions executed through your account unless and until a compromise report is filed and verified.

ASTRAL BUY

Data Collection & Privacy

What we collect, why we collect it, and how it is used

7) Data We May Collect

- ? Account data: login, email, password hash, account status, timestamps
- ? Security data: token events, anti-abuse signals, rate-limit and fraud telemetry
- ? Technical data: IP address, user-agent, session metadata, diagnostic logs
- ? Support data: ticket messages, attachments, moderation records

8) Why We Collect Data

To authenticate users, protect accounts, prevent abuse, enforce licensing, maintain service stability, and investigate incidents.

To process support requests, ensure operational security, and comply with legal obligations.

9) Data Handling Principles

We apply access controls, limited retention, and security monitoring to reduce misuse risk.

We do not grant users direct raw-database access. Data disclosure is restricted and may occur only where legally required.

ASTRAL BUY

Enforcement, Contacts & References

Policy updates, legal cooperation, and official channels

10) Enforcement & Cooperation

We reserve the right to investigate suspicious activity and apply account-level or system-level restrictions without prior notice when risk is high.

In severe cases, we may cooperate with legal authorities in accordance with applicable law.

11) Policy Updates

Terms may be updated from time to time. Continued use after updates means acceptance of the revised terms.

Current policy edition applies from the publication date shown in this document.
